SKILLS

- ❖ C++
- ❖ HTML, CSS, JavaScript
- ❖ Python

EDUCATION

- ❖ BS-Software Engineering | Pursuing | GCUF
- ❖ Inter FSC (Pre- Medical) | Punjab Group Of Colleges
- ❖ Matric (Science) | Seerat Public Girls High School, FSD.

EXPERIENCE

- ❖ **Newbie**

ACADEMIC PROJECTS

- ❖ **Movie Recommendation System**
This project is a Movie Recommendation System built primarily with Python and Jupyter Notebook. It leverages data processing and similarity algorithms to provide personalized movie recommendations
- ❖ **Crowd Movement and Simulation for Smart Environments**
Developed a 3D web-based simulation using Three.js, A* algorithm, and PeerJS (WebRTC) to model realistic crowd behavior with real-time collaboration and decentralized storage via IPFS.
